Description

For The Key Largo 27 Sessa Marine has created an ergonomic design where life onboard is centred around the stern with no sacrifice to design or sporting spirit typical of the brand Key Largo. The design main features are the sharp and modern lines, a new side glass window that allows the product to be considered the new luxury open day boat; an innovative windshield, more light inside the cabin to leave the owner more in contact with the sea, metallized Air Blue coloration and customizable cushions.
